

NEURO BIOLOGIX®

OmegaCell 1600 TG

High Potency EPA & DHA Fish Oil

4050 60 SOFTGELS

Many modern diets lack sufficient omega-3 fatty acids, which are essential for optimal cardiovascular, brain, and cellular health.* Certain genetic variations have been associated with reduced levels of EPA and DHA, the two most important omega-3s for human health.*

OmegaCell 1600 TG is a comprehensive, high-potency omega-3 formulated with an equal ratio of EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid). The fish oil in OmegaCell 1600 TG is sustainably sourced from pristine Norwegian waters to minimize exposure to heavy metals and toxins. The 1:1 ratio between EPA and DHA mirrors the natural composition found in seafood.*

In clinical studies, EPA and DHA supplementation has been shown to support inflammatory balance, cardiovascular function, cognition, mood, and brain health.* Each convenient two-softgel serving delivers 1,600 mg total omega-3s—800 mg each of EPA and DHA—for optimal cellular health during all life stages.*

Vegetarian

Gluten-Free

Non-GMO

OmegaCell 1600 TG is a high potency Omega-3 fatty acid formula with an equal ratio of EPA and DHA for optimal absorption.

Key Benefits

Supports cardiovascular health

Promotes cognitive function

Supports the natural inflammatory response

Supports optimal cellular function and repair

Helps maintain healthy lipid and triglyceride levels

SUPPLEMENT FACTS

Serving Size: 2 Softgels
Servings Per Container: 30

	Amount Per Serving	% DV
Calories	25	
Total Fat	3 g	4%**
Cholesterol	10 mg	3%**
Omega-3 Fatty Acids (from fish oil)	1.6 g	††
EPA (Eicosapentaenoic Acid) as TG	800 mg	††
DHA (Docosahexaenoic Acid) as TG	800 mg	††

** Percent Daily Value are based on a 2,000 calorie diet.
†† Daily Value (DV) not established.

Other Ingredients: Gelatin, glycerine, purified water, annatto (color), natural lemon flavor, lipase, natural mixed tocopherols.

Contains fish (anchovies, sardines, and mackerel.)

EPA (eicosapentaenoic acid):
Supports the body's response to stress, a healthy mood, and neurological function. Also helps support optimal cardiovascular and cognitive function.*

DHA (docosahexaenoic acid):
Promotes brain and nerve health, cellular repair, and fetal development*

Recommended Use

Adults take two softgels daily or as directed by your healthcare practitioner.
